

Health Observatory Report 2007

HEALTH AND POPULATION NEEDS

List of Core Indicators

Population

1. Population dynamics.
2. Internal and external migrant mobility.
3. Total fertility rate.
4. Population structure.

Survival and mortality

5. Life expectancy at birth, at age 65 and 75.
6. Mortality rate over one year of age.

Tobacco use

7. Prevalence of smokers aged 14 and over.

Overweight and obesity

8. Prevalence of overweight and obesity.

Physical activity

9. Physical activity prevalence of population aged 3 and over.

Alcohol consumption

10. Prevalence of alcohol consumption.

Food consumption

11. Prevalence of population aged 3 and over by type of food consumption.

Vaccination

12. Infant vaccination coverage of children under 24 months of age.

Screening Programmes

13. Breast cancer screening.
14. Cervix uterus cancer screening.
15. Colorectal cancer screening.

Road accidents

16. Road accident rate.
17. Road accident severity rate.

Labour accidents of extra European workers

18. Labour accident rate.

Domestic accidents

19. Domestic accident rate.
20. Average number of domestic accidents.

Natural environment

21. Drinking water availability.
22. Purified water level.
23. Production of garbage.
24. Management of garbage.
25. Ozone pollution.
26. Benzene pollution.

Cardiovascular diseases

27. Hospital discharge rate for coronary artery disease.
28. Intra-hospital mortality standardized rate.
29. Intra-hospital lethality.
30. Lengths of stay for cardiovascular pathologies.

Metabolic diseases

31. Hospital discharge rate for diabetes mellitus.

Infectious diseases

32. AIDS incidence rate.
33. Sexually Transmitted Diseases incidence rate.
34. Respiratory Infectious Diseases incidence rate.
35. Legionella incidence rate.

Cancers

36. Cancer incidence rate.
37. Cancer mortality rate.

Disability

38. Persons with disabilities aged 6 and over living in family.
39. Disability free life expectancy at age 65 and 75.
40. Perception of health status of persons with disabilities.
41. Home healthcare of persons with disabilities.
42. Home social care of persons with disabilities.
43. Health care expenditure per month of persons with disabilities and older people.
44. Perception of economic condition of families of persons with disabilities.
45. Pensions.

Mental health and addictions

46. Hospital discharge rate for psychic disturbance.
47. Medicines consumption for psychic disturbance.
48. Territorial assistance rate for addictions.
49. Drug abuse related mortality rate.

Maternal and infant health

50. Caesarean section.
51. Voluntary and spontaneous abortion rate.
52. Infant and neonatal mortality rate.

Immigrants' health

53. Immigrant population.
54. Percentage of newborns of foreign citizens.
55. Voluntary abortion rate of foreign citizens.
56. Hospital discharge rate of foreign citizens.
57. AIDS incidence rate among foreign citizens.
58. Tuberculosis incidence rate among foreign citizens.
59. Mortality rate of foreign citizens.

REGIONAL HEALTH SYSTEMS AND QUALITY SERVICES

Economic and financial system

60. Public health care expenditure of GPD.
61. Public health care expenditure per capita.
62. Public health care deficit per capita.
63. Health Care Organizations: a budget analysis.
64. Rating.

Institutional and organizational system

65. Administrative personnel in the NHS.
66. Market shares.
67. Percentage distribution of general practitioners by type of association.

Territorial care

68. Home health care.
69. Potentially avoidable hospitalization rate for long-term complications of asthma.
70. Potentially avoidable hospitalization rate for long-term complications of diabetes mellitus.

Pharmaceutical health care

71. Medicines consumption covered by the NHS.
72. Pharmaceutical expenditure per capita covered by NHS.
73. Consumption and expenditure on medicines with expired patent.
74. Out-of pocket pharmaceutical expenditure per capita.
75. Private pharmaceutical expenditure per capita.

Hospital health care

76. Hospital discharge rate.
77. Hospital discharge rate by age group and type of stay category.
78. Lengths of stay.
79. Preoperative stay.
80. Preoperative stay of selected surgical DRGs.
81. Potentially inappropriate one-day stay admissions for medical DRGs.
82. Percentage of one-day stay admissions for medical DRGs.

Organ transplants

83. Donors rate.
84. Percentage of oppositions to donation.
85. Organ transplants waiting list.
86. Percentage of transplants performed inside and outside the region of residence.
87. Heart transplant.
88. Liver transplant.
89. Kidney transplant.
90. Intestinal transplant.
91. Medulla ossium transplant.
